

How to find your way to the Geoecology Group:

Arriving at Vienna International Airport:

There are **suburban trains (S)**, the **airport train (CAT)** and **buses** running between Vienna city and the Airport. The **suburban train S7** is the cheapest option and leaves from the new train station below the not yet finished new terminal *Skylink*. Shortest way is to turn right when you come out of the customs door, then follow the train-signs. Take the **S7** train in the direction "Floridsdorf - via city center" which leave every 30 min. at XX:18 and XX:48. Tickets from the machine are 3.40 Euro, valid to any destination in the city centre. The vending machines are located in the entrance hall in front of the escalators leading down to the train tracks. In „Wien Mitte - Landstrasse“ change to subway **U4** direction „Heiligenstadt“, leave at station „Spittelau“, leave the station towards the end of your train. Then follow the map below.

Alternatively you may take the **City Airport Train (CAT)**, which operates in 30 min. intervals at XX:05 and mXX:35 between Airport and „Wien Mitte - Landstrasse“. For this train you need a special ticket (€ 10 one way) and an additional ticket for the public transport in Vienna (1.70 €) which you may buy at the station „Wien Mitte - Landstrasse“, this train is convenient, but not much faster than the suburban train **S7**. In „Wien Mitte - Landstrasse“ change to subway **U4** direction „Heiligenstadt“, leave at station „Spittelau“, leave the station towards the end of your train. Then follow the map below.

Arriving at Westbahnhof:

Take the subway **U6** direction „Floridsdorf“. Leave at station „Spittelau“. Walk towards the University Center (UZA) while you see the huge „Hundertwasser“ waste incineration plant on your left side. Follow the map below.

Arriving at Südbahnhof:

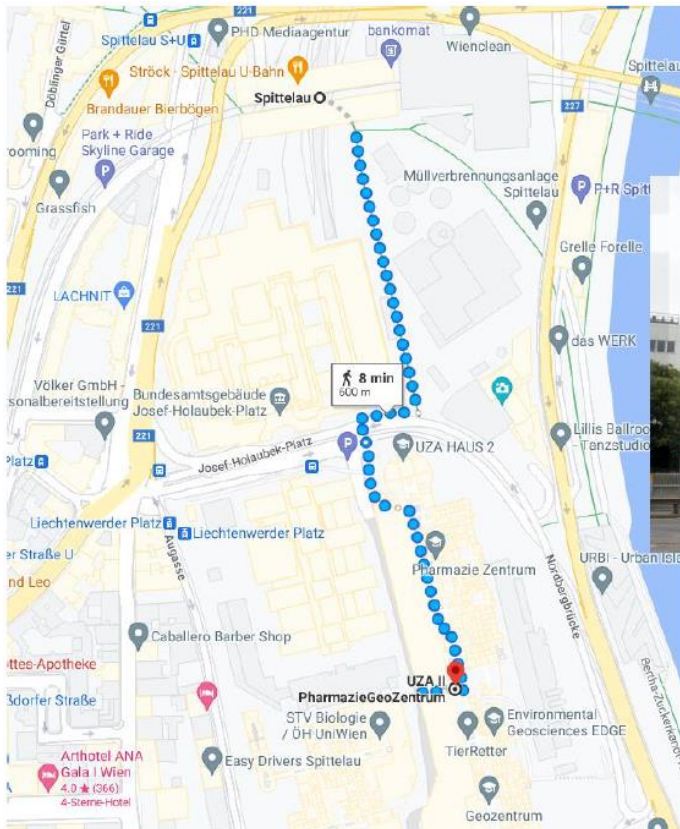

Take the **tram „D“** direction „Nußdorf“. Leave after 29 minutes at „Lichtenberger Platz“ and before please enjoy your ride along the famous buildings on the inner „Ringstreet“. After exiting the tram walk up the stairs, follow the map.

1) Subway station: Spittelau U6

After you have reached the station Spittelau (U6), exit to the side where you can see the huge "Hundertwasser" tower.

2) Afterwards cross the street and go to UZA II PharmazieGeoZentrum.

3) Take the stairs on the right of this building and go all the way to the back to the main entrance:

4) Inside you have to turn right. Then go to the very end to sector A.

5) Then you have to go up the stairs (level 3). Here you can see our entrance!

Room 2A376:
Univ.-Prof. Dipl.-Geogr. Dr. Stephan Glatzel
Room 2A375: Daniela Risonjic (secretary)
